

KORINTO

Espresso Version

The Korinto is the newest addition to the Necta range and is dedicated to the HoReCa world. Part of a long tradition of top of the range Food and Beverage solutions, the Korinto possesses advanced technology that ensures exceptional performance, optimum drink quality and ease of operation.

The refined design and particularly friendly user interface make the Korinto ideal for any environment. Versions include, espresso, instant and freshbrew and can be further enhanced by a cappuccino-maker for fresh milk (which can be stored in a small refrigerator).

The Korinto is a super-automatic beverage dispenser, suitable for medium and small establishments such as hotels, B&B, club houses, bars, restaurants, wine bars, etc.

The Necta range is strengthened and refined by the Korinto and is sure to be appreciated by top quality hoteliers and restaurateurs.
