

StarFood is a vending machine with shopper facility that whilst being compact, maximises the internal space accommodating a minimum of 8 to a maximum of 12 drums, each of which has a diameter of 700 mm, and can host a 9 inch round dish. StarFood is able to maintain temperature between 0 and +3°C, the refrigerating unit is a monoblock slide-in, the advanced electronics are flexible. These features make StarFood a truly unique vending machine, responding to every requirement for the correct preservation and dispensing of food products.

SPECIFICATIONS

Height	1830 mm
